The Termination will take effect on Wednesday, 20 November 2024 (**Termination Date**).

The Fund will be suspended from quotation on Cboe Australia with immediate effect and will be terminated in accordance with the constitution of the Fund and Part 5C.9 of the Corporations Act.

It is expected that investors in the Fund will receive the final distribution in respect of their Units on or around 26 November 2024.

In connection with the Termination, Magellan has requested in-principle approval from Cboe Australia, and Cboe Australia has provided in-principle approval, for the revocation of quotation of the Fund. Magellan will request formal approval of the revocation of quotation of the Fund and will update the market when Cboe Australia has communicated its final decision regarding Magellan's request for revocation.

Reasons for seeking removal

Consequences of removal and termination

With immediate effect, investors will not be able to trade their units on Cboe Australia or directly apply for additional units or redeem their existing units. Investors will be required to hold their units until completion of the Termination of the Fund.

Following the realisation of the assets of the Fund, investors will, on or around 26 November 2024, receive a pro-rata share of the proceeds of the realisation of the assets in Australian dollars, paid to their nominated bank account. It is important to understand that the price of the underlying securities held by the Fund and the net asset value per unit may change between the date of this announcement and the completion of Termination.

The costs of the Termination, excluding the transaction costs of realising the Fund's assets, will be paid by Magellan in its personal capacity and will not be borne by the Fund.
